

The automatic digital mailing system

Small businesses can make a big impact.

Pitney Bowes brings large mailroom productivity to your office regardless of your business's size. You can have the same fast, accurate shipping and mailing operations as large-volume mail centres but with a compact, space-saving footprint that fits seamlessly and quietly into your office environment. You need to ship and mail. You also need to weigh the costs and benefits of outsourcing these customer connections versus bringing them in-house. Powered by IntelliLink®, our innovative software technology, the DM400 series checks all of the boxes. You receive everything you need to streamline and integrate your operations and get the job done in house.

Ease of use

- Step-by-step guidance
- Expanded 7-line graphics
- Dedicated functions
- User-friendly key labeling
- QWERTY keyboard

Streamlined process automation

- Download rate changes automatically.
- Access postage replenishment 24/7 online.
- Feed envelopes automatically for increased speed.
- Select the most effective and economical postage rate automatically.
- Auto-date your communications or manually advance the clock to start the next day's mail.

Flexible, integrated capabilities

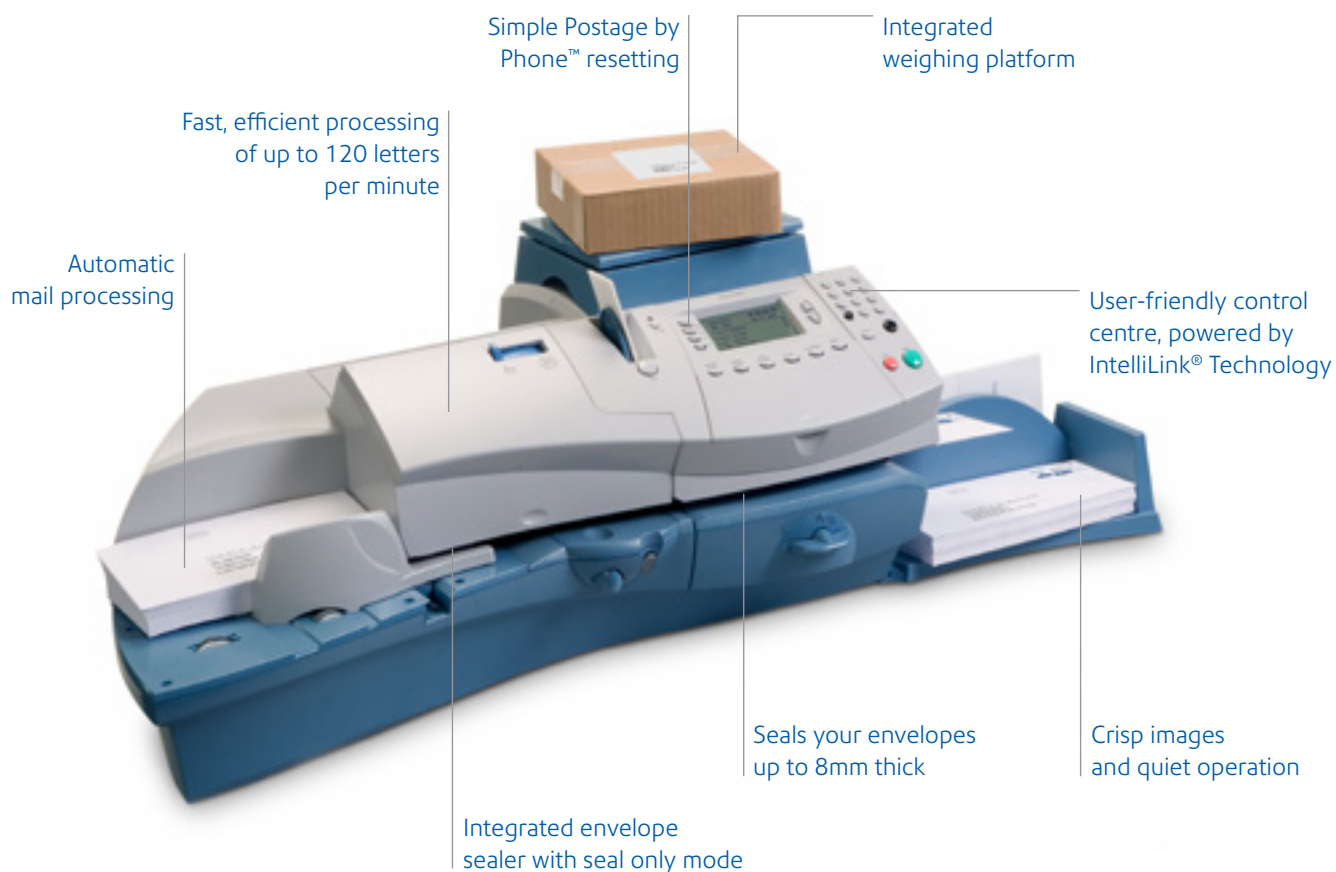

- Satisfy postal regulations with flexible digital indicia that can adapt to future changes.
- Track up to 300 accounts with the optional accounting function and track using Pitney Bowes INVIEW™.
- Turn transactional communications into promotional opportunities with 11 standard envelope ads with the option to add 10 more.

Stay connected.

- No need for an analogue phone line.
- Connect to your network for "always-on" working.
- Get updates instantly.
- Use your computer, tablet or phone to access data remotely.

More discounts.

The DM400M automatically uses Royal Mail's Mailmark™ service. This applies up-to-date discounts to your mail as you frank. No need to go searching for the best deals or double-check anything – it all just happens. Business Mail Advanced is another simple way of reducing your postage costs with the DM400M. The service provides substantial savings over the price of a second class franked letter in return for meeting some simple qualification criteria.
